About Nordic Maritime Solutions

At Nordic Maritime Solutions, we operate globally — from China to New Zealand, from South Africa to India, from Lapland to Panama. Our mission is to ensure safe and efficient heavy-lift and project cargo operations for major clients in the energy, industrial, and shipping sectors.

We work with partners and inspectors from every corner of the world and pride ourselves on our high safety standards and client-focused mindset.

Your Role

As Operations Manager, you will be part of our international operations team in Flensburg. You will coordinate daily global activities, liaise with clients and partners, and support ongoing operations. You will work closely with our Operations Chief and global partners to ensure seamless execution and compliance with company procedures and safety standards.

- Distribution and coordination of jobs to global partners and surveyors
- Direct communication with clients and follow-up on operational progress
- Review and correction of reports and documentation
- (If technically qualified) Review and approval of technical plans and documentation
- Booking of hotels, flights, rental cars, and other travel arrangements
- Processing and management of documents in internal systems
- Participation in duty roster, including evening/weekend watch shifts
- Issuing daily operational reports during on-call duty

Who You Are

- Fluent in English
- Right to work in the EU
- Structured, independent, proactive, and a team player

Detail-oriented with strong responsibility
Bachelor's degree or equivalent, maritime/logistics background is a plus
Experience in shipping operations, logistics, or maritime industry preferred
Experience at sea is welcome but not required

We Offer

Dynamic international workplace
Competitive salary
Professional growth opportunities
Supportive, hands-on team culture
Office located in beautiful Flensburg

Reporting Line: Directly to the Operations Chief
